

Amy Astley's Picks of the Season

When it comes to AD's global editorial director's favorite things, expect a little edge. In her NYC office, a slipcovered Sixpenny sofa is paired with checked velvet cushions by Christina Lundsteen and a Jake Arnold rug. Her desktop is a canvas for keepsakes from John Derian and Laguna B with wicker accents. Shop the picks she keeps on hand at work and at home.

Ward + Gray Winter Wool Rug

\$7800
